

- That the FCC should not implement any proposal that would lessen Indiana's Telephone Privacy law protections.
- How Indiana's Telephone Privacy law has improved your time at home.
- How effective Indiana's law has been (e.g., "I used to receive 12 calls per week, now I only receive one").

Please dont change Indiana Law. It is important to maintain privacy within the home and is the right of the homeowner to have peace of mind within his residence.
